Loaner Vehicle Reminders

We here at Beiler's Auto Repair are pleased to be able to offer our clients a convenient, low-cost option for transportation while their vehicles are being serviced. In able to provide this service, there are a few requests that we make when the vehicle is in your care:

- **Please limit vehicle use to local use (Sarasota, Bradenton, Venice-Nokomis).**
- **Please do not smoke in loaner vehicles**
- **Please keep the inside of the vehicle clean. Turnaround is often quick.**
- **Please top off vehicle with fuel at a gas station close to Beiler's before returning regardless of the miles driven while in your care. We also ask that you bring us the receipt provided when fueling.**

Thank you so much with your help in keeping us able to continue to provide this convenient service to our most valued clients.

And as always, thank you for trusting Beiler's Auto Repair to take care of your vehicles. We couldn't do this without you!
